

Altro create a splash

at community pool

A range of Altro products has been used in the refurbishment of a community pool in Ilford.

The main pool area of the East London centre has had an Altro product installed on every surface. Altro Zolatone, the spray applied coating, has been used on the ceiling. Altro Whiterock Illusions wall cladding was used on the walls, and Altro Marine 20 safety flooring ensures underfoot safety around the pool.

"By using Altro products we were able to create a very attractive pool, whilst maintaining a high level of practicality, durability and safety. We have had many positive comments from the public, who all love the new décor. The Altro products really do make the pool".

**Ted Emery, Project Surveyor
Redbridge Borough Council**
